APBA DIVISIONAL CHAMPIONSHIPS WEEKEND COMING UP
July 28-29, 2007

Western Divisional – Wheatland, California (Regions 1, 2, 3 and 11)
Central Divisional – Eldorado, Kansas (Regions 4, 5 and 9)
Eastern Divisional – Celina, Ohio (Regions 6, 7 and 8)

Eastpointe, MI (July 19, 2007) - The American Power Boating Association (APBA) is excited to announce that the APBA Divisional Championships weekend is just 8 days away. The APBA had developed the Divisional system to add excitement to the 2007 racing season by creating three special events centrally located in the APBA regions. Divisional Championships are run in all other categories of APBA racing. Winners of the events would be crowned the APBA Western, Central, or Eastern Divisional Champion. The events will be weighted slightly higher for APBA National Highpoints for all racing classes (The following is a link to Divisional points scale - http://www.apbaracing.com/2007_rulebook_rule07_awards.pdf) making these races very important to attend. All three events will take place on July 28-29 allowing riders to attend only one divisional event during the season. The events will be double round events. Divisional champions will be determined by the points totals both events on that weekend. For those racers that are down in APBA National Highpoints this weekend will give riders an opportunity to catch up in points before heading into the Nationals in Nashville, Tennessee on Labor Day Weekend.
