

2010 HYDRO-TURF APBA WATERCROSS NATIONALS COMPETITOR'S GUIDE TO THE U.S. NATIONAL CHAMPIONSHIP

Welcome racers. On behalf of the American Power Boat Association (APBA) and its regional race promoters, thank you for your interest in attending the 2010 HYDRO-TURF APBA Watercross Nationals, presented by Mystik Lubricants, Yamaha and Sea-Doo. We have worked extremely hard preparing for this year's event and have put together an exciting program for you and your families.

As the season-ending Closed Course Championship for all Novice, Amateur and Pro-Am racing classes, the APBA Watercross Nationals will feature the finest watercraft competitors from all over North America. This event is guaranteed to provide the most exciting and competitive Watercross racing action to be seen anywhere in the country. Close to 300 competitors, from all over the United States and Canada are expected to participate at this year's event. The event is the final points round for the HYDRO-TURF APBA Watercross National Tour for the 10 National Tour classes, the National Championship for the 17 regional classes and the final points round for the coveted APBA National Highpoints system that determines rider's national ranking and 2010 race number. The event also features the National championship for Amateur and Pro Freestyle that is always a crowd pleaser.

The 7th annual APBA Watercross National Championships will take place on September 3- 5 (Labor Day weekend) at Nashville Shores Park - just a few minutes from downtown Nashville. **Racing will take place on Saturday and Sunday and Friday will be an open practice day.** Nashville Shores is located in Hermitage, Tennessee, just 8 miles from downtown Nashville, on J. Percy Priest Lake. Nashville Shores Water Park is Tennessee's premier recreation and watersports destination. It's your ticket to wide-open beauty of 14,000-acre J. Percy Priest Lake, which features thirty miles of natural shoreline, sand beaches and water activities. On site, soak up some excitement and twisting thrills as you speed down one of Nashville Shores eight waterslides, cool off at the Bucket of Fun waterfall, or hang out and soak up the rays at the Sun Tan Lagoon. In addition to the park, there are many activities including live entertainment, watercraft rentals, paddleboats, mini golf, volleyball, and the NEW 3 million dollar wave pool and lazy river that has been added this year doubling the size of the waterpark. Other amenities include motor home, tent and trailer camping on site, watercraft and boat rentals, and more. Bring the entire family and get ready for some fun. Check it out at www.nashvilleshores.com.

On behalf of the APBA, HYDRO-TURF, Nashville Shores, and all the other Watercross Nationals sponsors and vendors would like to wish all racers and their families and friends a warm welcome to the 2010 HYDRO-TURF APBA Watercross Nationals. So get ready to rumble and have a great time enjoying the most exciting sport on the water and the 2010 HYDRO-TURF APBA Watercross Nationals!!

Patrick Mell - APBA PWR Director of Marketing and Events

2010 HYDRO-TURF APBA WATERCROSS NATIONALS CLASSES

The 2010 APBA Watercross Nationals is an open event and no qualifying is necessary to attend. The following classes will be offered at the 2010 HYDRO-TURF Watercross Nationals. For 2010 all classes except for the 10 National Tour classes earn the National Championship from the results of Nashville. Like the World Finals it is a single event National Championship this year instead of National Highpoints.

IMPORTANT INFORMATION

APBA Requirements

The 2010 APBA Watercross Nationals is sanctioned and governed by the APBA and run according to the IJSBA rulebook. All participants must be a current APBA competition member and must present proof of valid membership to compete. Please bring your APBA membership cards. **To accommodate those racers that did not have an APBA event in their region for 2010 single event memberships (\$20) will be available for those that need a membership.** If you do not have your APBA membership card with you can get one when you check in.

Safety Gear

A properly fitting full coverage helmet, with chin and mouth protection (face shield removed), that meets current DOT or SNELL M-rated standard, must be worn at all times while on the water. A U.S. Coast Guard-approved Type III life personal floatation device (PFD), in sound condition, must also be worn at all times while on the water, including during practice. Fines will be assessed to all riders in violation of these rules. Wetsuits, protective footwear and eyewear are highly recommended.

Racing Numbers

You must have two sets of race numbers, with the correct color backgrounds on your boat – one on each side in the front of the watercraft. If you do not have the proper numbers and backgrounds on your watercraft you will not pass safety inspection. Racing numbers must be black, a minimum of 7 inches high, and spaced at least ½ inch apart. Standard block-type numbers, without shading or outlining, must be used. If there are duplicate race numbers in your class, you may be asked to change your number during the riders meeting. New or replacement numbers are available at registration.

Important Notice – All riders are encouraged to run their APBA National Highpoints number that was earned during the 2009 season. If there is a duplicate number problem in a class, riders racing in a class with a number that was not earned will be required to change their number. We do not care what place you finished regionally or if the number on your boat came with it when you bought it. If you did not earn the number get it off your boat. If you are running a boat in more than one class and you have an earned number in one of the classes, you will be required to either:

- 1) Add a “X” after your number.
- 2) Add a “1” or some other number to make the number different than the earned rider’s number.

Pre-Race Safety Inspection

In the interest of safety, APBA rules require that all watercraft receive a complete safety inspection before being allowed on the water. Every participant is required to have his/her watercraft tech inspected and it is the responsibility of the rider to submit his/her watercraft to the Technical Director for safety inspection. See below for the check-in/safety inspection times for your class(es). Tech inspection is to check to see if your boat is safe to go on the water – not to see if it is legal for class participation.

Event Sign In/Check In

Whether pre-registered or not, every participant is required to check in, show their membership card, sign the waiver and release and get a wristband. This includes all racers, holders and mechanics that will be participating in the event. See schedule of events for check-in times. If you race on Sunday, please do not check in on Friday morning.

Riders Meetings

It is mandatory that all participants attend the published riders meeting at the scheduled time for each of the classes entered. Roll call will be taken to insure that everyone’s smiling faces will be in attendance.

Sponsor Decals

In consideration of sponsor commitment and support of this event, participants will be required to display a HYDRO-TURF decal, as well as APBA stickers, on each side of his or her boat. Stickers will be available to participants at registration.

Riders Meetings

It is mandatory that all participants attend the published riders meeting at the scheduled time for each of the classes entered. Roll call will be taken to insure that everyone's smiling faces will be in attendance.

Post-Race Tech Inspection

Every participant that finishes the race and receives the checkered flag, must immediately proceed to the tech inspection area, and submit their watercraft for inspection. Failure to submit your watercraft for inspection may cause you to be disqualified. We know that many events have had very little post race tech this season. This will not be the case at this event. Please bring your tools and expect to have your boat down.

Admission Fees

There will be no cost for you or you family, friends and other spectators to enter park area on Friday. There will be a \$5 fee to watch races on Saturday and Sunday. Admission to Nashville Shores Water Park and parking is separate from the race. We have struck a deal with the park to offer a special rate for the participants. See below.

Nashville Shores Tickets

Nashville Shores tickets are only needed if you plan on entering the water park, and are not needed to race. The rates for Nashville Shores water park tickets are \$21.95 per day if you do not get them through us. They have given us a rate of \$10 per day or \$20 for a 3-day pass. These tickets must be purchased from us to get the special rate. So if you plan on bringing the family and going to the water park, this is a great deal. You can buy Nashville Shores tickets on the entry form.

Event Parking/Parking Fees

The event will take place at the beach in front of Nashville Shores. Look for signs to Watercross Nationals Participant Parking as well as directional signs as you come into the park. Nashville Shores charges \$5.00 per day parking fee. All participants must purchase a \$10.00 4-day parking pass. Please make sure you put your parking pass in your front driver's side window or you will be charged \$5 for each time you enter the park. You can purchase additional parking passes when you send in your entry form. NO parking for the event until Wednesday September 2 at Noon. There will be people directing you to where to park.

Pit Vehicles

Because of the tremendous number of people that will be attending the 2010 Nationals, pit vehicle rules will be strictly enforced. ATV's, Mules, golf carts, beach carts, etc. will be allowed to transport equipment to the beach. There will be a 5-mile per hour speed limit set and it will be strictly enforced for all ATV's, Mules, golf carts, Go-Peds, Scooters, etc. Fines will be assessed to those breaking this rule. All pit vehicles must remain in the pit area and follow the correct pathway to the race area. Please observe the speed limit signs and watch out for pedestrians and do not wreck this privilege for all racers. Those racers abusing the privilege will be fined and/or have their pit vehicle impounded.

Tow Loops

All watercraft are required to have a tow loop on the front of their watercraft. Watercraft without a tow loop or piece of strong rope will not pass safety inspection and thus not be allowed to race or practice.

Determining Overall Champions

Overall standings in each racing class will be determined from by using a two moto scoring system if there is no qualifying necessary in a class or one main final event if qualifying is necessary in a class. No points are awarded for LCQs and Semis.

Awards

The prestigious APBA Watercross National Championship titles and overall awards will be awarded to the top 3 riders in the 29 different classes. This year there will be some great trophies and some special prizes for many of the classes. Pro-Am and Expert racers will also receive a cash awards. Plaques will be awarded to the 4th through 10th place overall finishers in each class. National Tour awards will also being presented at this time – so there will be many awards presented. **Racers that do not pick up their award when their name is called will have to wait until the end of the awards ceremony to pick their awards up.** Riders that do not pick up their awards can have them mailed to them for a handling fee plus the cost of shipping. Awards not claimed by November 20, 2010 will be forfeited.

How to Get There

Nashville Shores Park is located in Hermitage, Tennessee, just a few miles from downtown Nashville. It is just a few miles east off of I-40. Take I-40 and get off at the OLD HICKORY BLVD exit- exit number 221B. Go SOUTH onto OLD HICKORY BLVD. Turn RIGHT onto BELL RD. You will see signs to Nashville Shores. You will enter the Nashville Shores MAIN entrance. NOT THE MARINA ENTRANCE.

LODGING AND CAMPING

Below is a list of hotels and camping and RV information for the 2010 HYDRO-TURF APBA Watercross Nationals. The rates listed are specially reduced rates reserved for APBA participants. To get the special rate, call reservations phone number and mention "APBA" or "American Power Boat Association".
