**Biggest Thrill in  
Racing**

**Winning World Final National Championship in both Sport SS and Sport LTD an 5th overall in Nov 1200 SS. Running over 72 laps in one day the announcers nicknamed me "Andy the Animal" two of the races were back to back and they had to hold the line for me to get from tech. Later that same year winning the First Endurance National Championship (4 hour race) WHEW!!!**

**Biggest  
Disappointment**

**2nd year Endurance National finishing 2nd to my loaded out backup boat to my daughters boyfriend. 4 hour race came down to the last bouy - finished 1/2 boat legnth behind. Ouch!**

**Most recient disapointment is running out of gas on the next to the next to the last bouy of the race putting be 4 the in points.**

**Training**

**Practice, Practice, offseason riding dirt bikes cross country endurance racing.**
